

Central Rocky Mountain Chapter
of the Health Physics Society

To: Colleagues In The Uranium Industry
From: Steve Brown, President CRMC HPS
Date: April 17, 2009
Subject: Global Uranium 2009, Keystone Colorado, May 9 -13, 2009
Uranium Health And Safety Workshop - Sunday, May 10, 0900 - 1700 Hrs

We still have space available for this workshop. See agenda below. Go to the Global Uranium 2009 web site @ <http://www.u2009.org/> and sign up. Note that on line registration closes on May 1, 2009.

Uranium's Role in U.S. Energy Policy Moving Forward – America's Energy Realities	Robert Meyer, PhD, TetraTech
Overview of Uranium Fuel Cycle	Tom Johnson, PhD, CHP, Colorado State University
Basic Radiological Science	Craig Little, PhD, Two Lines Inc.
Natural Radiation Background in US	TBD - Tom or Jan or Steve or Craig
Environmental Aspects and Monitoring at Uranium Recovery Facilities	Jan Johnson, PhD, CHP, TetraTech
Occupational Health and Safety Aspects: Health Physics Programs at Uranium Recovery Facilities	Steve Brown, CHP, SENES Consultants Ltd,
Uranium Toxicology and Epidemiology	Teresa Coons, PhD Western Colorado MASC, Grand Junction,
Regulatory Perspectives I - Canada	Tim Moulding, Saskatchewan Ministry of Environment, Canada
Regulatory Perspectives II - US	Phil Egidi, Colorado Dept. of Public Health and Environment, USA
Roundtable Discussion – Students and Faculty	All
